Re: Modine Manufacturing Company – Camdenton, MO  
Quarterly Report for period ending September 30, 2009  
AOC No. 99-HW-002

Dear Ms. Kump-Mitchell:

The following is a summary report of the activities completed during the period July 1, 2009 through September 30, 2009 at the above referenced site. This report is being submitted as required by the Corrective Action Abatement Order on Consent, Order No. 99-HW-002 (AOC) paragraphs 91 through 94.

**Description of work completed during the quarter:**

On July 23, 2009, Modine submitted the Final RCRA RFI report to yourself, Mr. Richard Nussbaum, and Mr. Don Van Dyke of the Missouri Department of Natural Resources (MDNR) and to Mr. David Garrett of USEPA-Region VII.

**Summary of findings, data, etc.:**

There were no new findings or data produced during the quarter being reported other than MDNR's Operation and Maintenance Inspection Report of area-wide groundwater monitoring wells. Field data were obtained by MDNR on August 6, 2009 and summarized in a report with an accompanying cover letter dated September 30, 2009. Modine received the report on October 5 following the close of the reporting period.

**Summary of problems or potential problems and any corrective measures implemented:**

No problems were encountered during the quarter being reported.

**Projected work for the next reporting period:**

As of September 30<sup>th</sup>, Modine was awaiting MDNR's issuance of the final Environmental Covenant.

Modine will be filing a change of property ownership notification with MDNR per Section III, item #18 of the AOC.

485646

RCRA

**Instances of Non-compliance with the requirements of the Order:**

On February 27, 2009, Modine sold the Camdenton property to CLA, LLC. That transaction included execution of an "Agreement of Sale" which contained specific terms relating to on-going environmental responsibilities for the property and an "Easement and Access Agreement". The Easement and Access Agreement, with an attached draft EC, was filed with the Camden Register of Deeds. However, due to a miscommunication between Modine and its outside attorneys, a specific notification to MDNR per Section III, item #18 of the AOC was overlooked. Modine will be filing this notification as indicated in the above section. It should be noted, however, that Modine continues to occupy the Camdenton property as a tenant and so the notification will have been filed before Modine gives up possession of the Camdenton property.

If you have any questions concerning this report, please contact Mr. Thomas E. Meitner, EH&S Manager at (262) 636-1412, or by email at [t.e.meitner@modine.na.com](mailto:t.e.meitner@modine.na.com).

Sincerely,

David L. Lidester  
Regional Services Director – Americas
